**BRAMPTON ESD**

**KEY FEATURES**

- GRS Recycled Suede Upper
- Tested and Certified to ESD
- Non-Metallic
- Water Resistant

**ITEM DESCRIPTION**

BRAMPTON, Apache's new safety trainer is manufactured in GRS (Global Recycled Standards) certified recycled suede. The trainer which is 100% non-metallic, boasts a composite toe cap and midsole combination to ensure its lightweight nature provides all day wearer comfort. Tested and certified to ESD standards. All linings, including the lining of the removable footbed are made with recycled materials. Dual density polyurethane outsole is tested to the highest slip rating from the 20345:2022 standards. External protection provided around the toe with added TPU piece. A PU comfort footbed and padded tongue and collar finish off the quality of the trainer.
