ADDED COMFORT

# DUAL COMFORT INSOLE (VS100)

SPECIFICATION SHEET

## Description

Our dual comfort insole features unique airflow channels to maximize air circulation and reduce heat. With twin anti-shock foam pads at the heel and the ball of the foot, this insole will provide day long comfort where you need it most.

## Size

Available in sizes: UK 3 - 13 (EU 36 - 48)

## Washing Instructions

Machine washable upto 30°.  
Do not iron or tumble dry.

## Safety Specification

Dual comfort Insoles are independently tested to comply with European PPE Regulations and, when used in conjunction with V12 safety boots, are approved for use under EN20345.

## Material

Durable moisture wicking rebound foam.
